POLE LICENSE

Upon the foregoing petition and it appearing that the public good so requires, it is hereby

ORDERED

Aug. 24 19 76

The New England Telephone and Telegraph Company ....

That the Public Service Company of New Hampshire and .... be and hereby are/is granted a license to install and maintain underground conduits, cables, and wires and to erect and maintain poles and structures with wires, cables, conduits and devices thereon together with sustaining, strengthening and protecting fixtures in the public way or ways covered by said petition.

The maximum and minimum length of poles shall be 50 feet and 20 feet respectively; height of structures shall be 40 feet and 15 feet respectively. The approximate location of the poles, structures or underground conduits are designated or defined as shown upon plan marked Public Service Company of New Hampshire No. .... 42-69 dated .... 7/22/76 .... attached to and made a part of this order. All of said wires except such as are vertically attached to poles and structures shall be placed at a height of not less than 18 feet above the surface of the highway.
